Core Needs

- **Ambitious & Detail-Oriented:** Maya needs things around her to be clear
- **Efficiency-Driven:** She loves tools like Google Calendar, Notion and reservation platforms. She has a cheat sheet for “go-to” restaurants in the area.

Frustration

- **Limited Authority:** vendors and senior staff dismiss her because she’s “just the intern”
- **Time Crunches:** Managing multiple calendars, dietary restrictions, and travel logistics under tight deadlines
- **Balancing Professionalism with Personality:** She’s still figuring out how to bring her warm, creative energy into a corporate setting without seeming too casual.
